

## JUDAS PRIEST ADDS SECOND SOUTHERN CALIFORNIA DATE

FOR IMMEDIATE RELEASE: With Judas Priest's latest studio album, *Firepower*, confirmed as one of the most successful of the band's entire career - landing in the "top 5" of 17 countries (including their highest chart placement ever in the U.S., at #5) - demand to see the legendary metal band in concert is higher than ever.

And North American headbangers will get their chance to experience the legendary band on a nearby concert stage this coming spring/summer, when Priest will tour throughout the continent - with the classic metal band Uriah Heep as support. The tour added a second stop in Southern California at **Citizens Business Bank Arena** on **Friday, June 28, 2019**. Tickets go on sale **Friday, March 29** at **10am** at [ticketmaster.com](http://ticketmaster.com).

"Metal maniacs - Judas Priest is roaring back to the USA for one more blast of *Firepower!* *Firepower 2019* charges forth with new first time performances born out of *Firepower*, as well as fresh classic cuts across the decades from the Priest world metalsphere. Our visual stage set and light show will be scorching a unique, hot, fresh vibe - mixing in headline festivals, as well as the in-your-face venue close ups. We can't wait to reunite and reignite our maniacs...THE PRIEST IS BACK!" -Judas Priest

There are few heavy metal bands that have managed to scale the heights that Judas Priest have during their nearly 50-year career - responsible for issuing such all-time classic albums as *British Steel*, *Screaming for Vengeance*, and *Painkiller*, as well as the anthems "Breaking the Law," "Living After Midnight," and "You've Got Another Thing Coming."

And Priest's presence and influence remains strong, as evidenced by the chart performance of 'Firepower' and its glowing reviews, a Grammy Award win for 'Best Metal Performance', plus being a VH1 Rock Honors recipient and a Rock and Roll Hall of Fame nomination. Also, Priest can be credited as being one of the first metal bands to pioneer wearing leather and studs – a look that would eventually be embraced by metalheads throughout the world.

Undoubtedly, Judas Priest's North American tour will only add to their ever-growing status of heavy metal legends.
